UNITED LIGHTING STANDARDS, INC.

23171 Groesbeck Hwy. • Warren, MI 48089

Tel: 586/774-5650 FAX: 586/774-5706

Ordering Guide

Following is a list of required information to include when placing an order:

1. Design series and number.
2. Modifications by number (if number does not exist, by description).
3. Product finish
4. Type of fixture mounting arrangement.

For special designs and applications not shown in this catalog, please contact our local sales representative or United Lighting Standards.

In order to promote product improvement and allow for material availability, United Lighting Standards reserves the right to change any portion of this publication without notice.

Catalog Logic

The following information will enable you to properly place an order utilizing the pole and options catalog numbers. You have selected a pole by using the design loading in terms of EPA shown on the catalog page of the style of pole selected, i.e.: round tapered steel, square straight steel, round straight aluminum, etc. To apply a catalog number, simply follow the procedures in the following example:

Design Designation	Pole Size	Mtg.	Fixture Mtg. Arrangement	Finish	Options
RPSQ	5-11	Ht.	T2	DB	SMB-2
Commercial Pole Square Straight Steel	5" Square 11 Gauge	30'	2.375" Tenon	Bronze	Square Arm with Tenons for Two Fixtures

Mounting Arrangement Designations:

- T-2** 2.375" O.D. Tenon
- T-3** 3" O.D. Tenon
- T-4** 4" O.D. Tenon
- D-1** Drill for One Fixture
- D-2** Drill for Two Fixtures at 180° or 90° - Specify
- D-3** Drill for Three Fixtures
- D-4** Drill for Four Fixtures
